This employee entered on duty 9-30-57 as a Special Agent in GS-10, \$5915 per annum. At the conclusion of his training period Mr. Tamm stated SA Liddy presented a very neat, conservative, well-groomed personal appearance. His attitude toward the Bureau's work was outstanding, and he had no hesitancy in stating that he intended to progress rapidly. He was extremely enthusiastic, was willing to undertake any assignment, was confident that he could perform any assignment, and endeavors to be outstanding in any of his undertakings. He was very intelligent, very exacting, and could be expected to do an outstanding job.

On 1-6-58 he was assigned to the Indianapolis Office.

On 1-12-58 he received a Basic Salary Increase to \$6505 per annum in GS-10.

SAC H. G. Foster rated him SATISFACTORY on his 1958 Annual Performance Rating and stated he had handled routine matters in the general criminal, fugitive and applicant categories and had displayed resourcefulness, ingenuity and judgment far above what was usually expected of a first office agent. It was felt that with additional experience he would be able to handle complicated investigation in a short time. He was available for assignment wherever the Bureau desired. He had worked general criminal cases in headquarters city and also had been afforded experience in handling criminal matters in a Resident Agency under the supervision of the Senior Resident Agent. Due to his brief assignment in the office he had not had an opportunity to develop an informant. He was considered a satisfactory witness. He was interested in advancement along administrative lines; however, due to his limited experience, it was felt that he should be afforded additional investigative experience before being considered for administrative advancement.

His daily average overtime for March, 1958, was 3 hours 15 minutes; April, 2 hours 52 minutes; May, 4 hours 22 minutes; June, 2 hours 14 minutes; July, 2 hours 18 minutes; August, 2 hours 40 minutes.

During an Inspection of the Indianapolis Office in January, 1959, the Inspector (I. D. MacLennan) stated SA Liddy made an excellent personal appearance and was most enthusiastic about his career in the Bureau. He was intensely ambitious and was already, at that early stage of his career, looking forward to the day when he would be a Special Agent in Charge. He was enthusiastic about leaving work in the field, preparing himself for ultimate administrative advancement. The necessity of development of criminal informants was thoroughly discussed with him, it being noted that since his assignment in Indianapolis he did not have any approved Criminal Informants although he did have 3 Potential Criminal Informants under development. It was believed that he had the background and ability to ultimately develop into an excellent prospect for administrative advancement. It was recommended that he be continued in his present assignment.

His daily average overtime for February, 1959, was 2 hours 6 minutes.

On 3-31-59 SAC E. J. Powers rated him EXCELLENT and stated he conducted investigations in criminal and applicant-type matters at the Gary Resident Agency. Due to his lack of experience, he had not been assigned more complicated types of investigative matters; however, it was believed that with the gaining of additional investigative experience, he could handle the most complicated type cases. He was available for assignment wherever the Bureau desired. He had participated in several fugitive apprehensions and could be used on raids and dangerous assignments as a participant. He had submitted a total of nine Potential Criminal Informants and had under development four Potential Criminal Informants. He was considered a satisfactory witness. Dear Sir:

Thank you very much for letting me know the reason for not giving me the present address of former FBI man H. Gordon Liddy.

I just want to say that the word of the assistant director was good enough for this guy. I do believe an FBI man especially the assistant director has a good reason for doing anything they do. I say Out thanks very much for letting 3 JAN 31 1979

I worked for the postoffice dept. for about 13 yrs and had to retire on a disability pension. Plus I spent about three yrs in the army 43-45, was in the ETO operations and still consider myself a boy ^{scout} ~~short~~ compare to what an F.B.I. men have to go through. Read every book I could get my hands on and

found out just what they had to go through in there training etc.

Just want to tell you people to who works behind the scenes like I wish all of your field men the best of luck and God Bless all of you.

I still believe in team work and always will. Thats what the army taught me.

Thank you very much for taking time out and writing to me. Will save these letters for the rest of my life. By the way I am 54 yrs old and over the hill they tell me.

Remember that old saying, Life is just a bowl of cherries, I am beginning to believe it.

Thanks again,

"WILL, THE AUTOBIOGRAPHY OF G. GORDON LIDDY"

Liddy's book covers the story of his life from early childhood to his release in 1977 from a prison term he had served for his role in Watergate.

Liddy recounts that after his resignation from the FBI in 1962 he served as an assistant district attorney in New York State and became interested in national politics which led to his obtaining a position with the White House Staff in 1971. There he was involved in an effort to obtain the prosecution of Daniel Ellsberg on charges of leaking "The Pentagon Papers"; Liddy's role included helping plan the burglary of the office of Ellsberg's psychiatrist in the hope of locating incriminating data on Ellsberg.

Liddy next describes his move to the Committee to Re-elect the President later that year where he was assigned to organizing the Committee's intelligence service. He discusses in detail his plans to undermine the Democratic election campaign and his direction of the Watergate break-in. His book concludes with an account of his conviction on charges relating to Watergate; his activities while a prisoner in various correctional facilities; and the commutation of his sentence by President Carter in 1977.

PERTINENT MENTIONS OF THE FBI:

Liddy's discussion of his years in the FBI (pages 58-99) begins with his training as a new Agent in 1957, at which time it was impressed on him that "the FBI was to be the most important thing in our lives" and that an Agent always was to exercise good judgment, taking care never to embarrass the Bureau.

Liddy recounts several anecdotes involving his work in fugitive investigations during his first-office assignment at Indianapolis, a highlight of which was training in handling firearms by a veteran Agent. He goes on to tell of his assignment to the Gary, Indiana, Resident Agency, where he handled cases ranging from kidnaping to interstate transportation of stolen motor vehicles and carried out "black bag" jobs in at least one such case.

Next mentioned is an "in service" training course at FBI Headquarters at which time he received an interview with Director Hoover that lasted for 45 minutes; according to Liddy, soon after that interview he was transferred to the Denver Office, one of the most favored assignments in the FBI. Liddy's discussion of his stay in the Denver Division includes an account of his role in apprehending "Top Ten" fugitive Ernest Tait.

Liddy's promotion to the position of supervisor in the Crime Records Division at FBI Headquarters and his work in that Division preparing letters, memoranda, and magazine articles for Mr. Hoover is next discussed. He mentions, with amusement, letters of censure for miniscule errors and Mr. Hoover's idiosyncrasies. Liddy tells of "synopsis files" on Congressional members kept in the Crime Records Division and "sensitive files" kept by Mr. Hoover's secretary which contained derogatory data on various officials and celebrities--information, Liddy says, was used by Mr. Hoover to maintain his power. Liddy goes on to state that he realized he was doing important work in upholding the FBI's reputation and "helping to defeat its critics in what was a part of the COINTELPRO OPERATION"; however, for family and financial reasons he decided to resign from the FBI in 1962.

Liddy, in discussing his work on the White House Staff in the Ellsberg Case, tells of reviewing FBI reports in that investigation and his conclusion that the FBI's performance in the case was "seriously deficient." He includes in his book texts of memorandums he had prepared in August, 1971, based on his (Liddy's) interviews with FBI officials, including W. C. Sullivan, indicating that the FBI had discontinued effective clandestine activities and that, overall, the Bureau was deteriorating under Mr. Hoover's recent leadership. Liddy also comments that Hoover allegedly threatened the President that he would reveal certain data (believed by Liddy to be what Hoover "knew about the telephone taps secured for Henry Kissinger") if a Congressional investigation of the FBI was conducted. The President, according to Liddy, "recognized the threat," and support for such an investigation of the Bureau was then withdrawn. (pp. 149-160)

Also included in Liddy's book is the text of a memorandum he wrote on October 22, 1971, in response to a request by the President who "wanted advice on what to do about J. Edgar Hoover." The lengthy memorandum discusses the excellent accomplishments of Hoover's FBI from 1924 up until the 1950's, when, according to Liddy, the Bureau began to decline for several reasons, including the following: Bureau clerks gaining accounting degrees and becoming Agents; undue concern with protecting Mr. Hoover's image; his intemperate public remarks (Martin Luther King and Ramsey Clark incidents); and the inability of the Domestic Intelligence Division to perform its responsibilities. Based on the above data, Liddy's memorandum recommended that Director Hoover "retire before the end of 1971." Liddy comments in his book that the President highly praised his memo; however, no action was taken to replace Hoover. (pp. 172-180)

Liddy mentions that following the Watergate break-in he refused to cooperate with FBI Agents who sought to question him about the incident, and he was discharged from the Committee to Re-elect the President. (pp. 267-268)

By memorandum 5/22/73, Acting Director Ruckelshaus raised a number of questions concerning an article which had appeared in the Washington Post on 2/14/73 alleging that during 1971 and 1972 Liddy and Hunt received information developed from wiretaps on domestic radical groups. The allegation was attributed to "informed sources."

Attached is a listing of the specific questions noted by Mr. Ruckelshaus together with detailed responses. In summary, neither Hunt nor Liddy was ever provided with results of FBI wiretaps and the "Post" article indicates a basic misunderstanding as to the manner in which the FBI handles this type information. Results of electronic surveillances are carefully paraphrased before being included in any material disseminated outside the FBI. Pertinent information is reported under individual captions and in particular case files and wiretap data is blended in with other pertinent information developed from numerous other sources. An outsider would have no way of knowing what information originated with technical surveillances.

Referenced memorandum of 5/22/73 notes that FBI material was found in Hunt's office at the White House and that James McCord has testified that he received FBI material from the Internal Security Division of the Department. The following is pertinent in this connection:

Memorandum to Mr. Felt

Re: G. GORDON LIDDY AND E. HOWARD HUNT -
INFORMATION CONCERNING

advised during May, 1972, he had been contacted by former Assistant Attorney General Mardian who was then serving with the Committee for the Re-election of the President (CRP). Mardian told Lisker that he would like to have Lisker and another departmental official, John Martin, meet with James McCord, Security Director of the CRP, to discuss the potential for violence at the Republican National Convention.

Lisker and Martin, on interview, have advised that with the approval of Assistant Attorney General William Olsen of Internal Security Division, they met with McCord and the latter's assistant, Robert Houston, on several occasions during May and June, 1972. They advised that McCord was concerned about the possibility of violence either at the Republican Convention or during campaign appearances by prominent Republican leaders, especially former Attorney General and Mrs. Mitchell. Lisker and Martin claimed that they did not provide McCord or Houston with any written documents but only oral data of a public source nature. Both Martin and Lisker are former FBI Agents.

It is noted that we have not been able to provide answers to four of the questions raised by Mr. Ruckelshaus which deal with the handling of FBI reports and/or records by the Internal Security Division of the Department (questions 4c, d, e and f). In order to obtain answers to these questions we would have to make inquiries of the Internal Security Division. These questions were prompted by the fact that copies of certain FBI documents including several interview report forms, were found among Hunt's effects at the White House. The names of several Departmental officials were listed on one of these documents, suggesting that they may have originated with the Internal Security Division.

In connection with a separate request of Special Prosecutor Archibald Cox (regarding the Department's handling of information concerning the burglary attempt in the office of Daniel Ellsberg's psychiatrist) we plan to conduct inquiries of officials of the Internal Security Division in the near future. We can at that time seek to resolve whether the FBI documents found among Hunt's papers did originate with someone in the Internal Security Division and, if so, the circumstances.

ACTION: This is for the information of Mr. Ruckelshaus. If approved, we will make inquiries of appropriate representatives of the Internal Security Division of the Department concerning the FBI material found in Hunt's effects.

1. Were any Bureau records given to either Hunt or Liddy personally or for their own use or for delivery to Mr. Krogh or Mr. Haldeman or anyone else? If so, detail circumstances.

A review of pertinent FBIHQ files has failed to indicate that during the pertinent period (1971-72) we have ever provided Hunt or Liddy with FBI reports or memoranda either for their own use or for delivery to any officials at the White House.

2. Did Hunt or Liddy visit the offices of the Bureau during the summer and early fall of 1971 either in Washington, D. C., Los Angeles, or elsewhere? If so, were any records kept of the time and purpose of the visits? If any visit was purely social for the purpose of seeing an old friend in the Bureau, so state.

A review of appropriate files as well as canvassing of FBI personnel who would logically have been contacted by Hunt or Liddy, including Agents handling the Ellsberg investigation, has not developed any information regarding visits of either of these individuals to FBI offices during 1971, with the exception noted below involving Liddy. This is based on a review of office indices as well as a check of logical Agent personnel at FBIHQ as well as the Los Angeles, Boston, New York and Washington Field Offices, which handled the major part of the Ellsberg investigation. It also includes checks of the Indianapolis and Denver field offices as well as the Crime Records Division at FBIHQ, where Liddy was assigned during his service as an FBI Agent (1958 - 1962).

The one occasion when Liddy was in contact with the FBI is as follows:

As reported in memorandum dated 8/3/71 from former Assistant to the Director W. C. Sullivan to Associate Director Tolson, Liddy visited Mr. Sullivan on 8/2/71 to introduce himself and advise that he had been designated as the liaison man between the White House and the Intelligence Evaluation Committee of the Internal Security Division of the Justice Department.

ENCLOSURE

139-4089-2438

The memorandum reports that Liddy explained that his purpose was to facilitate the mechanical aspects of the Intelligence Evaluation Committee as they related to the White House and that he expected to make frequent trips to the Internal Security Division. He had no requests to make.

Former Assistant Director C. D. Brennan of the Intelligence Division (now Special Agent in Charge of the Alexandria Office) has advised that Mr. Sullivan referred Liddy to him immediately following Liddy's visit to Sullivan and that Brennan had lunch with Liddy on the same date. Liddy told Brennan that the White House was currently concerned about leaks in government and wanted to insure the FBI was doing everything possible in investigating the Pentagon Papers matter. After lunch Brennan introduced Liddy to Section Chief W. R. Wannall and Supervisor J. R. Wagoner who were supervising the Ellsberg inquiry. Liddy reiterated the interest of the White House in this case and was assured the FBI was pursuing the matter vigorously.

With respect to Liddy's connection with the IEC the following is pointed out. During a meeting of the IEC staff held on 7/28/71 the Executive Director of the Committee, Mr. John F. Doherty, announced that Liddy, a White House staff member, would be working with IEC in connection with a project recently assigned to this group. The project in question was a study of the problem of unauthorized disclosures of classified information. Liddy subsequently appeared at a meeting of the IEC staff held about the first week of August, 1971, and talked in general terms regarding the problem of unauthorized disclosures of classified data. He indicated he would be in regular touch with the IEC concerning this particular project; however, Liddy had no further contacts with the IEC staff to the knowledge of FBI representatives. The IEC's study regarding unauthorized disclosures was completed in November, 1971, and sent to the White House.

3. Summaries and 302s were furnished to the White House as requested in the President's letter of July 29, 1971. In this connection:

- a. Was a record kept of the material furnished?

In line with standard FBI practice, our files contain a complete record of all data furnished to the White House. This record is in the form of file copies of all letters directed to the White House.

- b. What was the manner of transmission?

In response to the President's 7/29/71 request, periodic summaries of FBI investigations involving disclosures of security data were sent to Mr. Krogh at the White House during the period August, 1971, to February, 1972. These summaries related chiefly to the Ellsberg investigation and they represented a resume of significant developments in that case. It is noted that summaries of our investigations of unauthorized disclosures were also provided separately to Mr. H. R. Haldeman at the White House from July, 1971, to February, 1972.

In addition to the above, Mr. Krogh was provided with separate memoranda summarizing information in FBI files with respect to seventeen persons listed in attachment to the President's letter of 7/29/71 together with fourteen individual interview reports (FD-302s) of certain of these persons.

One teletype dated 8/13/71 was also directed to Mr. Krogh at the White House summarizing developments in the Ellsberg investigation.

- c. Apart from the records found in Hunt's office were other records recovered? If so, detail.

No FBI communications concerning the Ellsberg investigation or other leak cases of interest to the White House have been recovered. No effort has been made to retrieve any of the communications directed to Mr. Haldeman or Mr. Krogh and presumably the information furnished to the White House pursuant to the President's request of 7/29/71 is still in White House files.

4. One FBI document found in Hunt's office is reported to have carried the initials of personnel in the Internal Security Division. Presumably this was not the case with the other FBI records so found.

This presumption is correct. Of the various copies of FBI communications found in Hunt's office, only one (copy of the first or "synopsis" page from Los Angeles report dated 7/29/71 in the Ellsberg investigation) carried any notations of this type. This item carried the names of five individuals who were at that time employed in the Internal Security Division of the Justice Department namely Messrs. Doherty, McGrath, Davitt, Yates and Clarkson. The names had apparently been written on the Internal Security Division's copy of this item after delivery from the Bureau to facilitate routing through the Internal Security Division. At this point someone in the Internal Security Division evidently made a Xerox copy of this copy and forwarded it to the White House where it came into the possession of Hunt. None of the names of Internal Security representatives which were listed on Hunt's copy were initialled or otherwise receipted for.

- a. What FBI records were delivered to the Internal Security Division?

All pertinent results of investigation in the Ellsberg case and other unauthorized disclosure investigations were disseminated promptly upon receipt at FBIHQ to the Internal Security Division. Generally, copies of investigative reports and letterhead memoranda prepared by our field offices were hand carried to the Internal Security Division to the office of Mr. John Martin, Chief of the Analysis and Evaluation Section. Martin was assigned on a full-time basis to the Ellsberg matter working under the overall supervision of the Assistant Attorney General in charge of the Internal Security Division. In addition to reports and letterhead memoranda, we provided the Internal Security Division with copies of incoming teletypes from our field offices outlining investigative developments, after any administrative data had been excised. We also gave the Internal Security Division

detailed listing of information developed concerning long distance telephone calls made by Ellsberg and his associates as well as chronological travel data regarding Ellsberg. All of the foregoing items were also delivered to Mr. Martin in the Internal Security Division.

Developments in these cases were furnished to the Attorney General in letter form with copies designated for the Internal Security Division.

- b. Was a record kept of such transmittals?

FBI files contain a completely documented record of all information provided to the Internal Security Division. In those instances where information was provided by letter, FBI files contain a yellow file copy of this correspondence. Where the information was hand-carried to the Internal Security Division, as in the case of field teletypes, reports and letterhead memoranda, written notations were made on our file copy of such communications showing the date of dissemination, the supervisor approving it, and the departmental official to whom delivery was made.

- c. Was it the practice of Internal Security personnel to initial incoming FBI reports?
- d. Did Internal Security, through Mardian or anyone else, deliver Bureau records to either Hunt or Liddy? If so, was a record kept of such transmittals?
- e. Did Internal Security transmit records it received from the Bureau or copies of such records?
- i. Has the Internal Security Division retained the records transmitted to it and in particular copies of the documents found in Hunt's office?

In order to provide answers to the foregoing questions, it would be necessary to make detailed inquiries of officials and other personnel of the Internal Security

Division of the Department. Since these questions relate to internal procedures within the Internal Security Division it is not believed they would be asked of an FBI witness. FBI supervisors have no knowledge of how copies of FBI communications located in Hunt's office came into his possession.

5. Who was the contact man in the Bureau with whom Mardian dealt on the Ellsberg probe?

Contacts with Mardian were primarily handled by Assistant Director of the Intelligence Division. Until 9/8/71, Mr. C. D. Brennan, now Special Agent in Charge of the Alexandria Office, served in this post; since 9/8/71, the position has been occupied by Mr. E. S. Miller. While most contacts with Mardian would have been handled by either Brennan or Miller, there were occasions when a Bureau official acting for Brennan or Miller received calls from Mardian.

6. In memorandum of 8/3/71 the Bureau indicated that the Ellsberg investigation would be pursued on a "special basis." What did this signify?

The term "special basis" had no particular significance other than denoting that the Ellsberg investigation was being handled on an expeditious and priority basis. From the outset of our inquiries on 6/16/71 we afforded the Ellsberg investigation urgent attention. The field was instructed to handle all leads expeditiously and to assure that sufficient manpower was assigned to the case. Results of investigation were reported by teletype and the four principal offices (New York, Los Angeles, Boston and Washington Field) were required to submit daily teletype summaries of developments. The practice of treating a major investigation as a "special" is not unusual.

7. When did the Bureau participation in the Ellsberg probe end?

The major part of our investigation was completed by May, 1972. Subsequently, our inquiries consisted primarily of handling FBI requirements with regard to defense motions (e.g., reviews of the Bureau's electronic surveillance indices) and specific requests from the Department of Justice

relative to preparation for trial, file checks on prospective jurors and prospective defense witnesses.

8. In connection with the criminal charges and trial of Dr. Ellsberg, did the Bureau have any contact with Hunt or Liddy by mail, telephone or in person? If so, detail the circumstances.

Bureau personnel had no contact with Hunt regarding the Ellsberg matter. On only one occasion was contact had with Liddy regarding the criminal charges and trial of Ellsberg, as follows:

On 10/19/71, at the request of Assistant Attorney General Mardian of the Internal Security Division, Assistant Director Miller, Inspector C. D. Brennan and Supervisor J. R. Wagoner met with Liddy in Mardian's office.

During this conference, Liddy, who was identified as a member of the White House staff, expressed an interest in being kept advised of any former government employee, past or present, who might be identified as being responsible for leaks to "The New York Times."

Liddy was assured that such information developed by the FBI would promptly be furnished to the White House. This contact with Liddy was reported in a memorandum from Mr. Brennan to Mr. Miller dated 10/20/71.

9. A newspaper article in the Washington Post on February 14, 1973 (copy attached) alleged that Hunt and Liddy sometime in 1971-1972 had access to wiretaps on radical groups involving national security. In this connection:

- a. Were such wiretaps going being conducted by the Bureau? If so, when and on what groups or persons?

During the period 1/1/71 through 6/17/72 the FBI utilized electronic surveillances to provide coverage of a number of domestic organizations and individuals engaged in revolutionary or extremist activities. A total of 48 such installations were made during the pertinent period including 47 telephone surveillances and one microphone surveillance. These surveillances

were in operation for varying periods of time ranging from a few weeks to a year or more. In a number of instances surveillance coverage was placed on an individual or group for a period of time, removed for a certain period and then reinstalled for another period. In some cases, installations were made to provide coverage of different chapters or branches of the same organization.

Altogether a total of 12 organizations and 8 individuals were the subjects of this type coverage during the period in question. The organizations involved included the Black Panther Party, Student National Co-ordinating Committee, African Liberation Day Co-ordinating Committee, Junta of Militant Organizations, White Panther Party, Worker-Student Alliance of the Students for a Democratic Society, Peoples Coalition for Peace and Justice, May Day Collective, "Berkeley Tribe" (an underground newspaper) and the Communist Party, U. S. A. The individuals covered included black extremist leaders, key members of the Weathermen underground and other revolutionaries. A complete listing of installations operating during this period is available on request.

b. Who requested the wiretaps and when?

All of these installations were requested by the Director of the FBI (the majority by John Edgar Hoover and a few by L. Patrick Gray, III) based on recommendations submitted by the Intelligence Division, usually originating with FBI field offices covering the organizations and individuals involved. In each instance, the coverage was requested of the Attorney General and approved in writing by the Attorney General.

c. Who received from the Bureau the results of the wiretaps?

The results of electronic surveillance coverage is not reported by our field offices nor disseminated to

outside agencies in such a manner that the information can be identified as originating with a particular electronic surveillance.

The logs reporting pertinent information developed from a particular wiretap are reviewed in the field and converted into channeling memoranda, copies of which are sent to the case files concerning the various organizations and/or individuals of interest mentioned. In the process of preparing channeling memoranda, the information is carefully paraphrased so as to protect the identity of the source (i. e. to disguise the fact that the data originated from a wiretap).

Thereafter, as required by the circumstances of the various case files involved, the information may be included in reports or letterhead memoranda being prepared by the field to fulfill our dissemination requirements. In incorporating the information into reports or memoranda additional precautions are taken to insure that the source is not revealed and frequently the information is further summarized or briefed down. Thus, as it actually appears in a report or memoranda being disseminated to another agency, there is ordinarily no way for the recipient to know that it originated with an electronic surveillance.

- d. How would Hunt or Liddy get access to such reports? Were they cleared to receive such reports? Since a criminal violation may be involved, the circumstances of such transmittals, if made, should be determined, with particular reference to the names of the persons who transmitted such reports to Hunt or Liddy.

As can be seen from the answer to the foregoing question, neither Hunt nor Liddy or anyone else in the White House would have had access to the results of our electronic surveillances. At best, Liddy and Hunt may have had access to FBI communications which included information originating with Bureau wiretaps but reported in such a way that the actual sources were concealed.

Information from FBI electronic surveillances may or may not be classified depending on the subject matter involved. Presumably both Hunt and Liddy, as White House staff assistants, had access to classified data. The FBI disseminates a considerable volume of information on a regular basis to various officials at the White House including the President. This information is disseminated in connection with a wide variety of cases and utilizing information derived from numerous sources, including data originating with electronic surveillances.

Unless the White House itself maintains detailed records regarding the distribution of FBI documents within the White House staff, which is believed unlikely, it would be impossible to determine the extent to which Hunt or Liddy may have seen FBI communications containing the results of electronic surveillances. But in any case they would not have known that the information originated with wiretaps.

GENERAL INVESTIGATIVE DIVISION

Summary

Attached summarizes investigation conducted late evening 7/18/72, and 7/19/72, of burglary of Democratic Party National Headquarters.

(1) Judy Hoback, bookkeeper and secretary to Hugh Walter Sloan, Jr., recalled auditing disbursements for Sloan during period February - April, 1972. She recalls sizable disbursements made to Jeb Magruder, Herbert L. Porter, and George Gordon Liddy during this period (amounts set out). She did not know what these disbursements pertained to nor did she mention them in testimony before Federal Grand Jury (FGJ). Further, she did not tell FGJ of alleged briefcase full of money kept by Sloan in safe in his office.

After testimony of Hoback before FGJ, she was debriefed by two Committee to Re-elect the President (CRP) attorneys one of whom indicated concern as to Hoback's knowledge of CRP's finances; attorneys dismissed Hoback and called conference with Sloan which lasted about two hours. Later, while at Sloan's residence, Sloan received telephone call from Fred LaRue after which Sloan expressed belief efforts being made to keep him from being subpoenaed.

(2) Results of interview with Herbert L. Porter, Scheduling Director, CRP, relating to meetings with Jeb Magruder, George Gordon Liddy, and method of disbursement funds set out. A disbursement to Liddy about 5/10/72, may have been involved in purchase of Communications Electronics, Inc., receiver.

(3) Michael Douglas Caddy appeared before FGJ and answered desired questions. Responses are confidential as they pertain to grand jury hearings. Caddy did state received telephone call from Everette Howard Hunt, Jr., around 3:00 a.m., 6/17/72.

(4) Everette Howard Hunt, Jr., appeared before FGJ and took Fifth Amendment.

(5) Hugh Walter Sloan, Jr., is consulting with new attorney which attorney to contact Washington Field Office, 7/20/72.

(6) Investigation continuing to locate and interview Jeb Magruder.

Intensive investigation continuing.

The following is a brief summary of Mr. Liddy's record.

He entered on duty on 9-30-57, as a Special Agent and subsequently served in the Indianapolis Office and the Denver Office. On 8-12-61, he reported to the Seat of Government for assignment to the Crime Records Division where he was assigned at the time of his resignation. He was in Grade GS-11, \$7820 per annum. He is 40 years of age, is married, and has 5 children. His services were rated EXCELLENT.

Since leaving the Bureau he practiced law with his father and from 1-66 through 6-68, he was in the District Attorney's Office at Poughkeepsie, New York. From 6-68 through 4-69, he was self-employed in Poughkeepsie, New York, in the practice of law. In 1968, he ran for the Republican ticket for Congressman of the 28th District of New York but lost in a close primary race to Congressman Hamilton Fish, Jr. Mr. Liddy was a conservative Republican and a staunch supporter of the Bureau and the Nixon Administration. On 2-6-69, Liddy advised he had the understanding he would be invited to Washington, D. C., for an interview some time within the next three weeks by Deputy Attorney General Richard Kleindienst. He felt that his pending interview had been arranged by Harvey Dann, wealthy businessman of Pawling, New York, who is a Fordham University classmate of Attorney General John Mitchell. Liddy felt that the Nixon Administration intended to offer him some position and groom him as a contender against Hamilton Fish, Jr., in the next election. He is presently employed by the Department of the Treasury as Enforcement Legislative Counsel in the Office of the General Counsel.

Dear Mr. Hoover:

In the two years since I joined the Nixon Administration I have found that other officials, knowing that I was privileged to serve on your staff some years ago, have sought my assistance in arranging special tours of FBI Headquarters for close friends or prominent visitors from their home states. For this reason, I have had occasion often to invoke the good offices of Special Agent William Stapleton and his Assistant Mr. Frank Frauson.

Invariably, the official involved has called me on the telephone afterward to recount glowing reports of the efficient and considerate treatment received by his friends from the FBI Tour Office; the absorbing quality of the tour itself, and the resulting most favorable impression of the Bureau.

The consistently outstanding nature of the reports I have received over a period of two years speaks more convincingly of the superior abilities of Messrs. Stapleton and Frauson than any phrase I could author. I believe such excellent performance should be brought to your attention.

Respectfully,

George G. Liddy

SYNOPSIS:

George Liddy
This is to advise that Mr. Eugene T. Rossides, Assistant Secretary of the Treasury, has requested an opportunity to pay a courtesy call on the Director. He would be accompanied by Mr. Paul W. Eggers, General Counsel of the Treasury.

We have conducted favorable applicant investigations of Rossides in 1951, 1958, and April, 1969. He was born October 23, 1927, in Brooklyn, New York, and received a law degree from Columbia University in 1952. He was previously employed at Treasury from 1958 to 1961 as Confidential Assistant to the Assistant Secretary at Treasury, at which time we had limited cordial liaison relations with him. From 1961 until his present appointment on February 18, 1969, he was in private law practice in New York City. In his present position, he has over-all supervisory control of Treasury law enforcement functions, including those of Secret Service, Customs and Internal Revenue Service. He has the reputation of being a supporter of vigorous law enforcement.

Paul W. Eggers, General Counsel, was the subject of a favorable applicant investigation in April, 1969, in connection with his appointment as General Counsel at Treasury. Eggers was born April 20, 1919, in Seymour, Indiana; received a law degree from the University of Texas in 1948. From that time until his present employment, he has been in private law practice in Wichita Falls, Texas.

Neither Messrs. Rossides nor Eggers have previously met or been photographed with the Director. Mr. Rossides would be available to meet the Director on May 6 or 7, 1969.

RECOMMENDATION:

(1) If the Director's schedule permits, that he designate a time which he could meet with Mr. Rossides.

MAY 15 1969 (2) Mr. Rossides will be accompanied by Liaison Supervisor Robert H. Haynes

Memorandum from D. J. Brennan, Jr., to Mr. W. C. Sullivan
RE: EUGENE T. ROSSIDES, ASSISTANT SECRETARY OF THE TREASURY
REQUEST TO MEET THE DIRECTOR, MAY 6 OR 7, 1969

DETAILS:

This is to advise that Mr. Eugene T. Rossides, Assistant Secretary of the Treasury, has requested an opportunity to pay a courtesy call on the Director. He would be accompanied by Mr. Paul W. Eggers, General Counsel of Treasury; both are Nixon Appointees to Treasury.

We have conducted applicant-type investigations concerning Rossides in 1951, 1958, and April, 1969, all of which were favorable. He was born October 23, 1927, in Brooklyn, New York; attended Columbia University in New York, 1945 to June, 1949, and received a Bachelor of Law degree in June, 1952, from Columbia University School of Law. While at Columbia University, he was a well-known football star and was a popular, active student and a campus leader. He served on active duty in the Air Force as a Second Lieutenant from August, 1952, to August, 1953. He was in the private practice of law in New York from that time until June, 1956, when he was employed as an Assistant Attorney General in the New York State Attorney General's office. In November, 1958, he went to the Treasury Department as Confidential Assistant to the Assistant Secretary of the Treasury. We had limited but cordial liaison contacts with Rossides at Treasury until 1961, when he returned to the private practice of law in New York. He commenced duty in his present position on February 18, 1969. He is married and has three children.

In his present position, Rossides will have over-all supervisory control over Treasury law enforcement functions, including Secret Service, the enforcement aspects of Customs, and the enforcement aspects of the Internal Revenue Service, including the Alcohol, Tobacco and Firearms Division. He would also have supervisory control over the Bureau of the Mint and the Bureau of Engraving and Printing. He has a reputation of being a supporter of vigorous law enforcement.

We conducted an applicant-type investigation concerning Paul W. Eggers in April, 1969, in connection with his appointment to the position of General Counsel, Department of the Treasury in March, 1969. The investigation was favorable. Eggers was born April 20, 1919, in Seymour, Indiana; attended Valparaiso University, in Indiana, from September, 1937, to June, 1941; and received a Law degree from the University of Texas Law School, Austin, Texas, in May, 1948. He has been in the private practice of law in Wichita Falls, Texas, since that time. He served in the U.S. Army Air Corps from July 11, 1941, to May, 1946, at which time he was released from active duty as a major. Mr. Eggers is married and has one son.

Memorandum from D. J. Brennan, Jr., to Mr. W. C. Sullivan
RE: EUGENE T. ROSSIDES, ASSISTANT SECRETARY OF THE TREASURY
REQUEST TO MEET THE DIRECTOR, MAY 6 OR 7, 1969

According to a press report of January, 1969, Paul W. Eggers, a West Texas tax attorney, was expected to become the new Commissioner of Internal Revenue. He ran as Republican candidate for Governor of Texas in the fall of 1968 but was defeated. He was described as a tax attorney, who is active in banking and has gas and oil interests in West Texas.

A check of the Identification Division files discloses no arrest record for Rossides or Eggers.

As a matter of additional interest, former Special Agent George Liddy has been recently appointed as a Special Assistant to the Secretary of the Treasury. He is to deal specifically in the field of organized crime and will report directly to and work closely with Rossides. Liddy entered on duty as a Special Agent September 30, 1957, and resigned September 4, 1962, to enter his father's law firm in New York City. His last assignment was in the Crime Records Division at the Seat of Government. Liddy has an excellent Bureau record, is on the Special Correspondents List, and is a strong supporter of the Bureau.

Mr. Rossides, accompanied by Mr. Eggers, would be available to meet with the Director at any time on May 6 or 7, 1969.

MR. GEORGE GORDON LIDDY

Mr. Liddy entered on duty in the Federal Bureau of Investigation September 30, 1957, as a Special Agent, Grade GS 10, \$5915 per annum. After a period of training, he performed investigative and supervisory duties until September 4, 1962, when he voluntarily resigned to accept other employment. At the time of his separation, he was receiving salary of \$7820 per annum in Grade GS 11. His services were satisfactory and nothing was known which would reflect unfavorably on his character or integrity; this comment relates only to the period in which he was an employee of this Bureau and does not constitute and should not be construed as information concerning his character, integrity or activities since separation.

As a matter of information, captioned former Special Agent Liddy, who was previously assigned to this Section, called my office yesterday. He stated he has the understanding that he will be invited to Washington, D. C., for an interview some time within the next three weeks by Deputy Attorney General Richard Kleindienst. Liddy said his standing offer to be of any assistance to the Bureau would always be good and that he would keep us advised of any developments in this matter.

Liddy said that in the Congressional Republican primaries last November, he obtained 46 percent of the vote in the 28th District of New York but lost a close decision to Hamilton Fish, Jr., who subsequently was elected to Congress. He said that he was a strong supporter in the Nixon contingent in his District. He felt that his pending interview had been arranged by Harvey Dann, wealthy businessman of Pawling, New York, who is a Fordham University classmate of Attorney General John Mitchell. Liddy feels that the Nixon Administration intends to offer him some position and groom him as a contender against Hamilton Fish, Jr., in the next election.

Former SA Liddy had an excellent Bureau record and his resignation in 1962 was for the purpose of entering his father's law firm in New York City. In addition, since he left the Bureau he has been associated with the District Attorney's Office in Poughkeepsie, New York. He is on the Special Correspondence List and is a staunch supporter of the Bureau.

As a matter of information, the above-mentioned Special Agent, formerly assigned to this Section, called by the office yesterday and, in the course of conversation, advised that he has announced his candidacy on the Republican ticket for Congress in the 28th District in New York State. Liddy advised that Congressman Joseph Y. Resnick (Democrat) of the 28th Congressional District probably would run for the Senate against Senator Javits and that he, Liddy, felt he had a good chance provided he can secure the Republican nomination in June of next year. Liddy stated that he will run as a Conservative Republican and be in a position to also secure the nomination of the Conservative Party whenever he wants it.

Liddy presently is in the District Attorney's Office at Poughkeepsie, New York, and will probably face at least two Liberal Republicans in the Primary. He stated that Congressman Resnick has alienated a large number of voters in his District by his attack on the Farm Bureau Federation and by his activities in connection with the race riots in Poughkeepsie last summer. Liddy explained that a large number of Resnick's constituents are farmers and they resent strongly his attacks on the Farm Bureau Federation. During the course of the riots, the police arrested some 60 individuals, and Congressman Resnick promptly put up bail for them with his own money. This did not set well with a large number of his constituents.

Liddy indicated that already the Liberal Republicans are attempting to use his former Bureau connection against him. He stated that he, of course, would be most discreet in any references he might make to his former Bureau connection. Liddy assured me that, if elected to Congress, the Bureau could count upon him for full support in all phases of his activities.

RE: GEORGE GORDON LIDDY

Liddy had an exceptionally fine Bureau record and resigned in 1962 in order to enter his father's law firm in New-York City. He soon found, however, that he did not like law practice in a big firm and for the past two years has been in the District Attorney's Office in Poughkeepsie. The Bureau's relations with Congressman Resnick have been limited, and it is to be noted that when initially contacted when entering Congress in 1964, Resnick exhibited what appeared to be only mild interest in the Bureau. He has been vociferous in his objection to the House Committee on Un-American Activities.

a former Special Agent EOD 9/30/57, resigned 9/4/62. Services
satisfactory. The activities of Sylvia Kraus have been known to the
Bureau for some time and she has been interviewed by Agents of the
San Francisco Office. She expresses the belief that communists cause
artificial heart attacks and use poison to effect the death of prominent
Americans. Since 1962 she has distributed leaflets in Washington, D. C.
and New York City warning of these dangers. In some she has gone so
far as to say the Director and other public figures are communists and
should be impeached.

Hon. J. Edgar Hoover
Director
Federal Bureau of Investigation
Ninth Street & Pennsylvania Avenue, N.W.
Washington 25, D.C.

Dear Mr. Hoover:

I enclose a copy of a leaflet which was being distributed this noon near the corner of Broad and Wall Streets, New York City, the contents of which reveal it to be the product of an obviously unbalanced mind.

As a former Special Agent who was privileged to serve in the Crime Records Division, I know that you are a frequent target of sick people and, as does the vast majority of Americans, I pay this kind of garbage no heed.

I did think, however, that since the enclosed leaflet attempts a most outrageous smear of your good name and purports to identify the author thereof (one Sylvia Kraus, who may already be known to you) I should bring this matter to your attention.

With every good wish

Respectfully,

George Gordon Liddy

WARNING!

**YOUR HOME, YOUR FAMILY, YOUR SECURITY, YOUR LIFE
IS IN IMMEDIATE DANGER.**

**If you are a business man, a doctor, a lawyer, a teacher, a politician,
a minister, a celebrity or simply believe in God**

YOU ARE ON THE COMMUNIST'S LIST FOR REMOVAL AND DESTRUCTION

The Communists unpublicized **GLOBAL WARRING**, with secret **DEADLY FORMULAS** - various **TASTELESS POISONS**, which simulate fatal diseases - heart attack, cancer, stroke, hepatitis, cerebral hemorrhage, etc. The Communists battlegrounds, are our Banquet rooms, Restaurants, Coffee Shops and Grocery Markets, Thus the Communists protracted conspiracy for world conquest.

The Communists launched **TASTELESS POISONS** after the Russian Revolution, the process lacked speed - thus masterminded Adolf Hitler as their dupe and tool, by infiltrating Hitler's regime with Communists Adolf Eichman, (joined the SS in 1932) Martin Bormann, tipster Eva Braun, etc. To further the Communists plot, **MASS INDOCTRINATION** rather than **MASS EXTERMINATION** was their objective. Foremost, declaring a minority group was imperative, else risk world intervention - hence affirmed propaganda-wise Hitler's aversion for Jews. Subsequently Communist Eichmann was not only instrumental in liquidating hundreds of thousands of Jews and Christians alike, but through submission, indoctrinate over five million. New recruits were transported throughout the world to mass **MURDER** with **TASTELESS POISONS**, and indoctrinate new members. The Communist system is based primarily on deception, and so it was with Ethel and Julius Rosenberg, Adlof Eichmann and Doctor Robert A. Soblen's trials and newspaper deaths, were but another Communist world deception, as they are alive and in hiding.

The Communists conquest technique of operation, is a simple plan, following a basic pattern. Penetrating a country by infiltrating in every field of endeavour, assisting the operation by insidious mass **LIQUIDATION** with **TASTELESS POISONS**. When the inner structure of a country is sufficiently weakened, the Communists invade. Presently, Latin America has been declared as the number one Communist subversion area, in fact, it is the Western Hemisphere, because of Communists infiltration in the Press, Television and Radio, publicity is omitted, thus enabling the Communists to operate with greater efficiency and precision. Khrushchev says, "We will bury you", they are, one by one, millions by millions. This.... is what our Government calls, "CO EXISTENCE" or "THE COLD WAR".

While the Communists are sabotaging, murdering, terrorizing and insidiously liquidating loyal Americans with **TASTELESS POISONS** - Washington is diverted with Cuba, Germany, disarmament proposals, nuclear tests, filibusters - the Communists are on course and scheduel to seize America, thus the invasion of Cuba and the arrival of missiles, armaments, technicians and ships. The Communists are not about to destroy the Western Hemisphere with missiles, but to use missiles, as a psychological threat of destruction to support the invasion of America. (Fear of Gaschambers and Crematoriums enabled Communist Eichmann to indoctrinate over five million)

The big question ... WHO is the Communist boss in America, that enables the Communists to murder, sabotage and mass liquidate. The answer -

MASTERS OF DECEIT

J. EDGAR HOOVER

by Director, Federal Bureau of Investigation

(Continued on Reverse Side)

HALT the Communists' terror, indoctrinations and liquidations of anti-Communists, denounce America's master conspirator, who wilfully labored diligently to gain love, respect and trust of the American Public, thus, erect an indubitable Communist Empire, within the United States. By his own admission, an Esperanto book he wrote, "Master Of Deceit", which I submit as documentary proof, J. Edgar Hoover, Director, Federal Bureau Investigation, is the top Communist boss in the United States. (See paper cover of the book, "A Study of Communism")

To further the Communists' conspiracy, Communist Hoover, as a medium, wrote pervers books, "Masters Of Deceit" and "A Study of Communism", proclaim the Communists doctrine, manifestoes, and instruct Party members how to intensify revolutionary tactics against anti-Communists and God worshippers-sabotage, infiltrate, terrorize, kill, lie, cheat, instigate strikes, racial unrest, mass liquidate and subvert the government of the United States. To create fearless and bolder revolutionists - Communist Hoover guarantees immunity.

"Masters Of Deceit", page V-Communist Hoover states, he wrote "the very first documents of American communism in 1919, resolutions, manifestoes, Party statements, Page 7-Submits a list to Party members, who they are to concentrate for liquidation: real estate men, stockbrokers, lawyers especially, policeman, etc. Page 55-In May, 1920, a resolution was made by the delegates of the Communist Party: A Communist Party member, can never withdraw from the Party... Note contradiction, on page VII; "As we know, many members, once awakened to the true nature of communism, have renounced the Party." "A Study of Communism", page 111; "even treason against one's country-is justified if it advances the cause of communism."

I urge every loyal American, to help expose America's master of deceit, Communist J. Edgar Hoover, mass executioner. Don't put this obligation off until tomorrow, as tomorrow YOU may be the Communists ambushed victim of a simulated heart attack, cancer, hepatitis, stroke, etc. (The Communists secret weapons, needn't be fatal.)

Man without God-is like a lamp without a light.

ACP

Dear Miss Kraus:

Of course, you are quite right; for many years the Communist Party in America has been exterminating those men who most stand in the way of their gaining control in the Western Hemisphere. Senator McCarthy was just one example, Miss Kraus, although the most disgusting man we've had to deal with.

Perhaps you are not quite sure why we chose this means of liquidation. Precisely because it is so absurd that the American Public will never believe it. Some hotheads in our cell had suggested eliminating you, but of course, we squelched that idea. The people will never be brought to believe in such a preposterous theory, and this is just what we had counted on.

I think you will have to admit that we are very clever, so clever in fact, that I can sit here writing this letter without the slightest bit of fear. It will just be thought of by the public as a fabrication of some crank as paranoid as they consider you.

O'h by the way, you were wrong about the arsenic. Do you think Russian Scientists have been sitting still all these years? We now have poisons which can simulate the symptoms of several different fatal diseases and are quite untraceable.

Though you think our methods are "insidious", we feel that they are far more humane than the slow deaths inflicted on the masses by your fat capitalist murderers.

We shall build a new world from the shell of the old, Miss Kraus and you will be here to see it, I assure you. However, if you should happen to be feeling poorly in the future, don't be afraid to contact us, we can recommend you to some very fine Doctors.

Dear Mr. Hoover:

Yesterday my four young children and I were delighted to view the televised tour of the Bureau's facilities at FBI Headquarters in Washington, D.C., as presented on the Sonny Fox Program here in New York.

The image of the FBI conveyed by this presentation was most favorable, and you are certainly to be congratulated for your foresight in seeing to it that our American youth receive an accurate conception of the Bureau and its work at an early age.

While all FBI personnel appearing on the show acquitted themselves admirably, I would be remiss if I did not single out Special Agent William Stapleton's tour-de-force for special praise. Quite frankly, he impressed me as being more polished and professionally poised than Mr. Fox.

Sincerely,

George Gordon Liddy

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee George G. Liddy Title Special Agent
Rating Period: from 4-1-62 to 8-31-62

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
☒ Outstanding (exceeding excellent and deserving of special commendation).
☒ Excellent.
☒ Satisfactory (good or very good).
☒ Unsatisfactory.
☒ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Special Agent

GS-11, \$7820

PART I GENERAL COMMENTS

This report is being submitted in view of the resignation of this employee, active duty to cease at 5:30 p. m. on August 31, 1962.

This Special Agent has a splendid personal appearance and a winning personality. He is a dogged worker and has considerably more initiative and ingenuity than the average Special Agent with his length of service in the section. He is particularly good in handling matters pertaining to radio, television and movie scripts and has shown excellent progress in this regard. During the rating period he prepared a shooting script for a training movie approximately one hundred pages in length and demonstrated real promise indeed in this type of work.

SA Liddy's fine contributions to the work of the section have been recognized on a number of occasions during the rating period. For example, on June 14, 1962, he was commended by the Director for the excellent fashion in which he carried out his responsibilities in connection with the production of a major television program which is to be shown nationwide this fall.

This Special Agent received a letter dated July 6, 1962, from the Director thanking him for his alertness and interest in submitting a suggestion. It was indicated, however, that technical difficulties precluded the adoption of this Special Agent's idea.

On August 6, 1962, SA Liddy, and through him, other employees of the Streamlining Committee of which he was Chairman were commended for the excellent job which they did during the preceding six months.

Based on this Special Agent's over-all performance, I feel he is entitled to a rating of Excellent in Grade GS-11.

The exit interview, to be beneficial, must be conducted as promptly as possible after receipt of resignation. Where it involves a clerical employee, it shall be conducted by the Agent supervisor under whose jurisdiction the employee works. Where it involves a Special Agent, each SAC shall personally conduct the exit interview. In the absence of the SAC, the exit interview should then be conducted by the official in the field office who is acting for him. In every instance the exit interview form shall reflect the name of the official who actually conducted the interview and the form must be signed by him on the reverse side in the space provided. There are to be no exceptions. The interview should be conducted in adequate privacy with adequate time. It should be designed to supplement resignation, to obtain real, motivating reason for resignation, to serve as basis for (1) accurate analysis of turnover, (2) determining necessary or desirable organizational improvements, and (3) permitting a recorded recommendation regarding future reinstatement. Many times, an exit interview, properly and promptly conducted, results in saving a valuable employee. On involuntary separations, the exit interview is designed to record the reason and any pertinent comments, it being assumed the recommendation would be unfavorable for reinstatement.

He now has four children, however, and he states he can look forward to the time when all four will be in college at the same time. When in New York recently on personal matters, his father's law firm upped the offer by \$5,000 per year and Liddy states that from a financial standpoint he just could not afford to turn it down.

RECAPITULATION OF ACCOMPLISHMENTS:

Since last February, a total of 17 suggestions were submitted, 12 were adopted, 4 were not adopted and one suggestion is still being considered. Even without computing the one suggestion which is still under consideration, these figures produce an adoption ratio of 71 per cent which reflects very favorably upon the quality of the suggestions submitted. Over all, this has been a record year for the suggestion program of the Crime Records Division. From the period of August, 1961, to August, 1962, a total of 44 suggestions were submitted, as opposed to only 12 suggestions submitted during the fiscal year of 1960.

SUGGESTION BY SA GEORGE G.

JUNE

LIDDY

RE BLAST PROJECT

#10-63

In connection with the Bureau's BLAST project, under development by the FBI Laboratory, SA Liddy suggests that, if not already done, consideration be given to the use of an optical maser (laser).

It is noted that a reflected infra-red beam has been employed in the past as the carrier. It occurred to SA Liddy that the highly concentrated optical maser beam could be projected from a greater distance with superior accuracy and that, if it is possible for such a beam to be reflected from the target surface, its target modulations might be more intelligible.

RECOMMENDATION:

That if it is possible to accurately reflect an optical maser beam from the target surface of the BLAST project, the Laboratory give consideration to experimentation therewith to determine whether or not the employment of this device would be practical and/or an improvement over the infra-red beam.

ADDENDUM FBI LABORATORY (RLM:bwd 7/2/62)

FBI Laboratory has explored the application of the optical maser (laser) to the program referred to in instant suggestion. At present there are technical difficulties peculiar to the laser which do not make it applicable to this problem. These may be overcome later and if so Bureau will apply its development to our problem. In meantime we continue to follow, closely as we have since its inception, SA Liddy shows alertness in relating the laser to current Bureau developmental project.

SA Liddy assisted me on the recheck inspection of the Training and Inspection Division from 6-13-62 to 6-27-62.

He participated in the inspection and analysis of the Training Section and in particular the Physical Training Section and the Suggestions, Forms and Manuals Unit. He also performed other assignments.

Since this was SA Liddy's first inspection assignment, it was necessary for him to acquaint himself with the procedures and objectives of the inspection. He demonstrated enthusiasm, willingness, is a conscientious worker and he undoubtedly benefited from this experience.

SA Liddy presents an excellent personal appearance, is interested in administrative advancement, and is rated very good in this potential.

This morning, it was our privilege to present for the Director and Mr. Tolson the Bureau's television spectacular, "FBI Code 98." This production is literally spectacular in presenting the FBI dramatically and interestingly to the public view, and in its story line and character portrayals should rate among the best television fare of the year. It will be presented on a nationwide basis on television this fall.

A great measure of the outstanding success of this television film is due to the personal finesse and outstanding ability of Inspector Edward C. Kemper who represented the Bureau's interest in the making and production. There is attached hereto a recommended incentive award for Inspector Kemper for his splendid contributions to this success story.

In addition to Kemper, Special Agents M.A. Jones, George W. Gunn, John C.F. Morris, Thomas F. Mitchell and George G. Liddy of the Crime Research Section contributed to an extent which merits commendation.

Mr. Jones, Section Chief of the Crime Research Section, afforded valuable advice and assistance in connection with the arrangements for shooting at the Seat of Government and in regard to the voluminous and comprehensive file review project necessary in relation to the proposed members of the cast of the production.

Gunn contributed his technical knowledge and ability in arranging details connected with the shooting of script sequences in Washington, D.C., in connection with "lining up" appropriate personnel for use in the filming, and in selecting and obtaining accurate and needed "props" in this phase of the production. In this respect, Stanley Niss, Warner Brothers producer, and Les Martinson, Warner Brothers director, of the production personally complemented SA Gunn for his professional demeanor and excellent judgment "on the job."

The extremely heavy volume of name checks required under very close deadlines for this project was handled by the Special Productions Unit of the Crime Research Section under the supervision of Unit Chief John C.F. Morris and with the

While the production was being made in Hollywood, daily teletype requests for name checks were made to the Crime Research Section and required answers on the next day. This responsibility was discharged in an outstanding manner by these three supervisors whose efforts assisted greatly in the accurate and prompt production.

Arrangments have been made for SA Liddy to be admitted to practice before the U. S. Supreme Court 5-21-62, after which he requested a photograph with the Director which he would like to have autographed.

The following is a brief summary of his file for the Director's use.

He entered on duty 9-30-57 as a Special Agent, served in two field offices, and since 8-12-61 has been assigned to the Crime Records Division. He is qualified to handle special tours of Bureau Headquarters, and a qualified Inspectors' Aide. On his 1962 Annual Performance Report he was rated EXCELLENT. He is in Grade GS-11, \$7820. per annum, which promotion he received 11-1-59. He is 31 years of age, is married, and has 3 children. The Director's congratulatory letter was sent on the birth of each child.

The Director saw him on 6-8-60, and reported that he made an excellent personal appearance, seemed to be intensely interested in his work, and rated him above average.

He has been CENSURED one time during his Bureau service, under date 9-12-61 he was censured inasmuch as he was clearly at fault in failing to discharge promptly an assignment given to him in connection with "Golden Plate" award sponsored by the Academy of Achievement, Monterey, California. He has been COMMENDED on many occasions, the last under date 1-24-62, for the excellent research work he did relative to the article entitled "The Power of God: Our Ultimate Weapon" which appeared in January, 1962, issue of "Future."

His overtime performance is considered satisfactory. He is serving in his office of preference.

The latest information concerning his availability was submitted under date 3-31-62, and reflected he was interested in, completely available for, and considered to have potential for administrative advancement.

He is the nephew of former SAC R. J. Abbaticchio who entered on duty 10-16-33 and retired 9-30-58. At the time of Mr. Abbaticchio's retirement he was on probation and he had been removed as SAC and reduced in grade. In March, 1959, he was appointed to the position of Chairman of the State of Nevada Gaming Control Board. In June, 1961, the Governor of Nevada fired him from this job. The Governor's reason was his feeling that Abbaticchio was not strong enough to handle the duties, and was making no progress in ridding the industry of hoodlums. The Bureau was advised on 6-20-61 by an authoritative source that the major reason for Abbaticchio's termination as Chairman of the Nevada Gaming Control Board was due to his heavy drinking. The Director, by letter dated 6-27-61 advised SAC, Las Vegas, that he should be most circumspect in any dealing with Abbaticchio. By letter dated 8-5-61 Abbaticchio advised the Director that he believed the reason for his dismissal was for political reasons. His letter was acknowledged under date 8-11-61 by Miss Gandy, since the Director was absent from the city.

It is noted at the time of Mr. Abbaticchio's retirement he requested that his Badge No.19 be issued to SA Liddy. Mr. Abbaticchio stated that this would keep the badge in the family. This was done.

Mr. Liddy is assigned to Special Productions Unit, Crime Research Section, Crime Records Division, engaged primarily in research duties.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee George G. LiddyTitle Special AgentRating Period: from 4-1-61 to 3-31-62

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

+ Outstanding (exceeding excellent and deserving of special commendation).E Excellent.✓ Satisfactory (good or very good).- Unsatisfactory.0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.

2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.

B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I: GENERAL COMMENTS

This is submitted in connection with the annual performance rating of this Agent. During the first four months of this rating period, he served as an investigator handling difficult assignments in the criminal field in the Denver Field Office. He demonstrated excellent organizational interest, resourcefulness, practical knowledge of Bureau operations, and proficiency in these duties. Since 8-12-61, he has been assigned to the Crime Research Section, where he has shown genuine talent, personal ingenuity, vigorous enthusiasm, and a tenacious attitude in carrying out each and every assignment. He is particularly adept in creative writing and research projects and, his brief service here notwithstanding, has contributed in a considerable manner to the work of this Section. His versatility and his ability to quickly grasp new assignments are illustrated by the competence he has shown in handling speaking engagements and special tours.

By letter from the Director dated 4-10-61, he was commended for his excellent performance in the apprehension of a dangerous fugitive wanted for violation of the Unlawful Flight to Avoid Prosecution statute. For his excellent research in connection with an article concerning the Bureau which was published in a national magazine, he was commended by letter from the Director dated 1-24-62.

On the basis of his performance record and results produced, I feel that he is entitled to a rating of excellent in GS-11.

We have recently received a copy of the January, 1962, issue of "Future" magazine, the national magazine of the United States Junior Chamber of Commerce, which contains an article by the Director entitled "The Power of God: Our Ultimate Weapon." This article was given a splendid spread in the center of the magazine with accompanying art work, and, of course, since it is the national publication of the Junior Chamber of Commerce, it receives very wide distribution. It is noted in the front cover that there are 4,100 Junior Chamber of Commerce chapters.

SA George G. Liddy of this section conducted excellent research to develop material, tying the threat of communism to religion. In view of the excellent work of Mr. Liddy on the research for this article, it is felt he should be commended for his efforts.

RECOMMENDATION:

That this memorandum be referred to the Administrative Division for preparation of a letter of commendation for SA George G. Liddy for the excellent work he did in conducting research for the Director's article which appeared in "Future" magazine.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee George G. Liddy Title Special Agent
 Rating Period: from 8-14-61 to 11-6-61

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
☒ Outstanding (exceeding excellent and deserving of special commendation).
☒ Excellent.
☒ Satisfactory (good or very good).
☐ Unsatisfactory.
☐ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I GENERAL COMMENTS

This is submitted as the sixty-day report on this Special Agent.

Mr. Liddy has a friendly personality and gets along well with his fellow employees. While new in the Section, he is quickly becoming acquainted with policy matters and already turns out a very commendable volume of work. He has handled Bureau tours, is being assigned to speaking engagements and has done a number of summary memoranda. In addition, he has handled some original writing and I feel he will continue to make rapid progress in the work of the Section. On the basis of his work thus far, taking into consideration the letter of censure which he received, I feel he is entitled to a rating of Excellent in Grade GS-11.

Dear Mr. Liddy:

You were clearly at fault in failing to discharge promptly an assignment given to you in connection with the "Golden Plate" award sponsored by the Academy of Achievement, Monterey, California. In this instance it is apparent that you did not use good judgment since the very nature of the information available to you should have indicated the necessity for immediate handling on your part.

Hereafter, it will be incumbent upon you to exercise a greater degree of alertness in carrying out your duties so that it will not again be necessary to criticize you for a similar delinquency.

With reference to my memorandum of September 7, 1961, captioned as above, Mr. Tolson has inquired concerning the handling of the letter from the Tampa Office dated August 29, which was received in this Section at 1:49 p. m. on August 31.

This letter was referred to the Research Unit of this Section with my ideas for handling and was assigned to SA George G. Liddy. The files were called and were received late on September 1. He ascertained from the file review that no congratulatory letter was advisable. Mr. Liddy, who had a number of other projects on his desk, prepared this particular matter for dictation on the next working day, the 5th of September, and dictated it on the 6th. When the finished product was returned to Mr. Liddy's desk, it was necessary for him to have a few corrections made and accordingly the entire package was dated the 7th in view of the mail deadlines in the Division. It was forwarded to your office on the 7th.

This matter should have been handled more expeditiously, particularly since former Attorney General Rogers was involved. The delay is regretted. I have talked to SA Liddy at some length and feel sure that he has gained a valuable experience in this instance. His response to my constructive criticism was excellent and I feel that there will be no recurrence.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. SPECIAL AGENT GS-11

PART I GENERAL COMMENTS

This rating is submitted upon SA LIDDY's transfer to the Seat of Government.

SA LIDDY is a small, well built Agent of excellent appearance and friendly personality. During the rating period he has been assigned largely criminal matters in the Denver area. He has keen interest and enthusiasm in all assignments. This Agent is qualified in the use of Bureau firearms and I would not hesitate to use him on raids or dangerous assignments. His sick leave requirements have not been excessive and there are no limitations affecting his performance. He is available wherever his services are required.

SA LIDDY exhibits excellent organizational interest and is constantly alert to methods for improving procedures in his own area of operations. He has not participated in the Bureau's Incentive Awards Program during this rating period. He was commended by the Director on April 10, 1961, for his excellent performance in the apprehension of a potentially dangerous fugitive wanted for Unlawful Flight to Avoid Prosecution.

SA LIDDY is an experienced, resourceful investigator with a thorough knowledge of the Bureau's regulations and procedures. His over-all performance during the rating period has been excellent.

In view of the recent assignment of Benjamin Smethurst, Jr., of this Section to the Correspondence and Tours Section, I wish to recommend that SA George G. Liddy of the Denver Office be transferred to the Seat of Government for assignment in the Crime Research Section.

Liddy is a lawyer, has a favorable personal appearance, and is well within the Bureau's weight limits. While in law school, he was on the staff of the Fordham Law Review and in addition he has done other types of writing, including radio work. His work in the field has been far above average and based upon his Bureau record, his educational qualifications, his personal appearance and prior experience, I feel that he is ideally suited for an assignment to this Section.

There is attached a memorandum containing a more detailed summary of this Agent's background and Bureau record.

GENERAL INFORMATION:

Special Agent Liddy was born November 30, 1930, and is 30 years of age. He is married and has 3 children. Liddy is a lawyer and a member of the New York Bar. He is 5' 9" tall, weighs 140 pounds, has a medium build and is thus satisfactory from a weight standpoint.

EDUCATIONAL BACKGROUND:

Liddy attended Fordham University from September, 1948, to June, 1952, when he received a Bachelor of Science Degree, ranking number 123 in a class of 390. He was a member of the Student Council and the Dean's list.

He attended Fordham School of Law from 1954 to 1957 and graduated with a Bachelor of Laws Degree. He had a B average, ranking 65th in a class of 180 and being on the staff of the Fordham Law Review.

It is to be noted that Liddy's major at Fordham was English Literature. While in college he was Assistant Activities Editor and a writer for "The Maroon" which was a class yearbook. While in college he authored two radio scripts involving the dramatization of a writing by Edgar Allen Poe and an original radio play, both of which were broadcast and produced by a radio station in New York.

While in college, Liddy drafted the College Boarder Council Constitution and received an award for this accomplishment. He was the author of a musical comedy produced by his class and co-authored an additional musical produced by the same class.

This Agent did considerable legal research in 1956 and 1957 while on the staff of the Fordham Law Review and several of his pieces of work appeared in this magazine.

COMMENTS OF COUNSELORS IN NEW AGENTS CLASS:

This Agent was described as having outstanding enthusiasm toward the Bureau's work and is obviously intelligent, ambitious and the type of individual who could be expected to progress rapidly in FBI service. He was further described as being an excellent conversationalist and is creating a very good impression.

COMMENTS OF INSPECTOR CONCERNING AGENT LIDDY:

Agent Liddy's first office of assignment was Indianapolis. During inspection of that office in January, 1959, the Inspector stated that this Special Agent presents an excellent appearance and is most enthusiastic and intensely ambitious. It was indicated that even though this was his first office of assignment, Agent Liddy was looking forward to the day when he would be a Special Agent in Charge. It is indicated he was enthusiastic in preparing himself for ultimate administrative advancement.

1959 EFFICIENCY REPORT:

Agent Liddy was rated "excellent" on the 1959 Annual Efficiency Report. It was indicated that he was commended by the SAC in April, 1958, along with other Agents on the handling of an Unlawful Flight case. In addition, an Assistant United States Attorney commented favorably on this Agent's work. The SAC indicated that Liddy had the potentiality for future administrative advancement.

SUBSEQUENT COMMENTS OF SAC, INDIANAPOLIS AND 1960 EFFICIENCY REPORT

In a letter to the Bureau dated October 20, 1959, recommending Agent Liddy to advance to GS-11, SAC Indianapolis commented that he felt this Special Agent would make an excellent supervisor at the Seat of Government but that it would be preferable for him to have administrative experience in a field office beforehand.

The Bureau, under date of November 27, 1959, commended SAC Powers and through him, Agent Liddy and other Agents in connection with a kidnaping case.

Agent Liddy's 1960 Annual Efficiency Report was also "excellent." He was described as having excellent approach and a friendly and forceful manner and is creating a very good impression. It was further stated that Liddy has good potentiality for administrative advancement and has been highly effective in personal contacts with the general public and law enforcement officers. Again it was commented that this Agent is very much interested in administrative

advancement and has above average potentialities in this regard, and it is felt that he should be considered for administrative advancement after additional experience along administrative lines in the field.

DIRECTOR'S COMMENTS ON AGENT LIDDY:

By memorandum of June 15, 1960, the Director commented that he saw this Special Agent on June 8, while attending In-Service. It was indicated that he makes an excellent personal appearance, seems to be intensely interested in his work and would be rated above average.

TRANSFER EFFICIENCY REPORT AND RECENT INDIANAPOLIS INSPECTION:

This Special Agent was transferred to the Denver Office on July 7, 1960. The transfer report rating was "excellent" and reflected that his paper work was well prepared and required less than average supervision. The comment was further made that this Agent has good potential for administrative advancement and is very much interested in the same.

In connection with the Indianapolis inspection, it was noted that this Special Agent had averaged 2' 54" per day in overtime for the three months prior to the inspection. It was further reflected that he had handled a car theft ring involving 100 cars very satisfactorily. The Inspector recommended consideration of this Agent on a long range basis for administrative advancement, being noted that his potentiality was good.

COMMENTS OF SAC WERNER OF DENVER:

On August 2, SAC Werner stated that this Agent appears to be enthusiastic and ambitious and to have a sincere desire to get ahead in the Bureau's service. The SAC recommended that he be considered in connection with writing assignments at the Seat of Government.

RECENT INFORMATION AND 1961 ANNUAL EFFICIENCY REPORT:

Under date of September 21, 1960, the SAC at Denver was commended in connection with the apprehension of a "Top Ten" fugitive. Commendation was also expressed for those who participated in the case. One of these was SA Liddy.

Agent Liddy was commended April 10, 1961, for his splendid services in the apprehension of an unlawful flight fugitive.

He received a rating of "Excellent" on his March 31, 1961, annual efficiency report. The SAC stated that Liddy is interested in and completely

available for administrative advancement. The SAC pointed out that with proper direction this Agent had fine potential and that with additional field investigation experience he would be considered for field administrative training and advancement.

GEORGE G. LIDDY
SPECIAL AGENT GS-11
ANNUAL PERFORMANCE RATING

PART I GENERAL COMMENTS

SA LIDDY is a slender, well dressed young man of average size and very neat appearance. He has an alert manner and engaging personality. He handles complicated criminal matters unusually well for one of his experience. He has participated in a number of fugitive apprehensions during this rating period and is qualified in the use of firearms and defensive tactics. He can be used as a participant in raids and dangerous assignments. He has no limitations affecting his availability or performance.

It is noted that SA LIDDY used more sick leave during the rating period than was earned. This was due, however, to a severe siege of influenza and such sick leave was absolutely necessary for his well being. Under the circumstances the sick leave used is not believed to have been abnormal or excessive.

SA LIDDY has not submitted any formal suggestions or participated in the Bureau's Incentive Awards Program during the rating period; however, he is constantly alert to methods and procedures improving investigative operations and displays good interest in the organization and operation of the office.

While assigned to the Indianapolis Division, SA LIDDY handled an Interstate Transportation of Stolen Motor Vehicle case involving several subjects. His fine performance was largely responsible for breaking this car theft ring, and as a result he was commended by the Director on July 26, 1960.

Initials: 

In connection with his present assignment, SA LIDDY participated with others in the simultaneous apprehension of two armed and very dangerous Unlawful Flight fugitives and the skillful and fine manner in which all personnel handled their assignments was commented upon very favorably by the Director in a letter to the SAC dated September 21, 1960.

SA LIDDY is assigned general criminal and some applicant and related investigative matters. In his prior assignment at Indianapolis he was attached to the Gary, Indiana Resident Agency. SA LIDDY is a very energetic, resourceful and conscientious employee. He displays commendable interest and enthusiasm in his assignments and always represents the Bureau's interests to the best of his ability.

SA LIDDY is definitely above average and has good potential for administrative advancement.

Memorandum

TO : DIRECTOR, FBI

FROM : SAC, DENVER (88-2492)

SUBJECT: BENNY RAMIREZ GONZALES,
Aka - FUGITIVE
UFAP - BURGLARY

DATE: MAR. 29, 1961

OO - Denver

This case was investigated by SA RALPH B. RIPPE, assisted by SA GEORGE G. LIDDY, for the past week after information developed that subject was living in the Denver area.

Investigation was continually hampered by the fact that subject's wife, two girl friends, two brothers and two associates were all uncooperative and refused to furnish any information concerning the whereabouts of fugitive.

During investigation it was further determined that fugitive on two occasions in January of 1961 and March of 1961, managed to escape from the presence of Investigators of the Denver District Attorney's Office, who presently hold a confidence-game warrant for fugitive.

Fugitive was considered armed and dangerous inasmuch as he has always carried a large pocketknife. Repeated surveillances of subject's wife and girl friends were not successful in his location although it was established that he was in contact with these individuals by telephone.

During prior attempts to interview fugitive's wife it was determined that the wife, who resides in a Denver housing project, has four small children, a permanent baby sitter, plus fugitive's brother and wife and their children, all residing in this apartment which is located in the center of a large courtyard type housing project area and difficult to approach from the surrounding streets without detection.

Investigation did determine that fugitive was believed to be driving a white 1955 Ford bearing either Colorado, Wyoming or Utah license plates.

On the evening of March 28, 1961, SAs RIPPE and LIDDY spot checked a four-block area around the wife's residence. Two blocks west of the wife's residence they observed a 1955 White Ford with Utah license plates, which generally met the description of fugitive's car.

In an effort to resolve this matter and also insure that fugitive, if at the wife's residence, could be apprehended without incident, the following investigative technique was used:

SA RIPPE, in a Bureau car, parked in a business lot directly across the street from the spot where the questioned automobile was parked. SA LIDDY then walked a block and a half to a pay phone and called the residence of the wife, advising her that he desired to talk to her and was immediately proceeding to the residence. Within thirty seconds after SA LIDDY completed this phone call, fugitive was observed by SA RIPPE, running from between the buildings of the housing project toward his car, at which time he was apprehended as he opened the door to his automobile. This apprehension was effected without incident.

Subsequent to interview, fugitive admitted that he made it a point whenever any type of phone call was received while he visited his wife, to immediately run from a door or jump through a window and leave until such time as he could later determine by telephoning his wife as to whether or not "the law" was in the area or contemplating a visit with the wife. Subject also admitted that in his haste to leave the wife's apartment, he left behind a switchblade knife and a straight razor which he always carried for protection.

DN 88-2492

Based on the above facts, I feel that the initiative, investigative ingenuity, devotion to duty and the unusual investigative technique devised by these Agents to effect a difficult apprehension is in keeping with the highest standards and traditions of the Bureau.

I therefore recommend that individual letters of commendation be furnished SAs RALPH B. RIPPE and GEORGE G. LIDDY for their outstanding investigative work in this matter.

I am especially pleased to commend, through you, the personnel of the Denver Office who performed so capably in connection with the apprehension of Top Ten Fugitive Ernest Tait and Raymond T. Duvall, subject of an Unlawful Flight to Avoid Confinement-Murder case.

The apprehension of these badly wanted fugitives can be attributed in no small degree to the highly skillful, discreet and alert manner in which each individual carried out his assignment. SUBJECT: SURVEY OF SPECIAL AGENTS' WRITING ABILITY

DENVER DIVISION

Reference is made to SAC Letter 60-32 dated 6/28/60.

At the time a survey was made at the Denver Office for Agents who might come within the scope of this SAC Letter, SA LIDDY had not arrived in Denver, having been assigned to the Denver Office only since July 7, 1960.

It is noted that he majored in English Literature in Fordham University in the Class of 1952 and he advises me he had an overall four-year average of B plus. While in attendance at Fordham he was Assistant Activities Editor and a writer for "The Maroon" which was the 1952 Class Yearbook. SA LIDDY during his college career authored two radio scripts consisting of the dramatization of "The Cask of Amontillado" by Edgar Allen Poe and "The Passion of Christ" an original radio play, both of which were produced and broadcast by Station WFUV-FM of New York.

In addition SA LIDDY drafted the College Boarder Council Constitution and received the Rams Head Award for this accomplishment. He also authored the book of a musical comedy produced by the Class of 1952 and co-authored an additional musical which was produced by this class.

SA LIDDY did considerable professional legal research as a member of the Fordham Law Review while in attendance at Fordham Law School in 1956 and 1957. Some of his work appears in the Fordham Law Review, Volume 25, 1956 - page 343 Elections, Redistricting; page 563 Joinder of Issue by Stipulation Where Facts are Disputed; and page 729 Admiralty.

Denver, Colorado

Dear Mr. Liddy:

I am especially pleased to commend you for your excellent performance in the investigation of the Interstate Transportation of Stolen Motor Vehicle case involving John Emery Pronger and others.

The splendid success achieved in breaking this car theft ring can be attributed in no small degree to your unusual initiative, aggressiveness and resourcefulness in conducting this difficult investigation. Your intelligent approach to the many obstacles encountered in this case was indeed noteworthy and your services were a credit to you and to the Bureau. I want you to know I am most appreciative.

Sincerely yours,

J. Edgar Hoover

IP 67-1

Background:

Captioned matter is a car theft ring case. It developed in August of 1959 when one ALAN I. KADET was interviewed on August 27, 1959, as a result of a transaction he made in connection with a 1957 Chevrolet. On the above date SAs GEORGE G. LIDDY and PAUL A. McWILLIAMS were able to obtain admissions from KADET that he had sold a total of six automobiles and was presently negotiating for the sale of two others; further, that he had obtained all the above automobiles from JOHN EMERY PRONGER and DONALD RUSSELL ROBERTS. Investigation initiated by SAs LIDDY and McWILLIAMS resulted in the recovery of six of these automobiles mentioned by KADET.

As a result of the recoveries on August 31, 1959, a complaint was obtained against PRONGER and ROBERTS charging both with violation of Title 18, Section 2312, United States Code.

The National Automobile Theft Bureau, Chicago, Illinois, advised in connection with this matter that possibly the Calumet Auto Wrecking Company of Hammond, Indiana, was probably selling auto salvage items to subjects PRONGER and ROBERTS, the paper of which was being used for titling stolen cars.

SA S. DONALD DURFEE was assigned to check the titles of the above cars sold by KADET through the Motor Vehicle Bureau at Indianapolis, Indiana. SA DURFEE noted that the Calumet Auto Wrecking Company, Hammond, Indiana, had made application for title on Car #7; that the Calumet Auto Wrecking Company had surrendered an Ohio title and obtained an Indiana title on Car #12; and that on Car #14 the Indiana title was issued to the Calumet Auto Wrecking Company.

SA DURFEE commented at that time that his checks pointed out that the Calumet Auto Wrecking Company was possibly the place where the subjects were obtaining serial plates and titles for stolen automobiles.

IP 67-1

SA DURFEE also noted that the titles to these cars were being obtained through the Fast-Auto Title Service of Indianapolis. This fact arose interest and curiosity in the mind of SA DURFEE. SA DURFEE, on his own initiative, checked the invoices of the Bureau of Motor Vehicles, Indianapolis, to ascertain the titles and descriptions of the cars obtained by the Calumet Auto Wrecking Company through the Fast-Auto Title Service. SA DURFEE went back for several months in checking these out and came up with several hundred titles made out to the Calumet Auto Wrecking Company. Of these a representative number were chosen to examine at the Calumet Auto Wrecking Company and in the hands of the ultimate title holder. It was felt that this check would determine if the serial number on the title matched the confidential number on the frame. It was also at this time that SA DURFEE noted in checking the disposition of the titles obtained by the Calumet Auto Wrecking Company and searching the chain of title that JOHN HENRY BERRY, JR., as an individual, appeared in several instances on the titles; and, as a result, investigation was instituted against BERRY to determine whether or not BERRY and his partner, PAUL RAYMOND JULIAN, were involved in the theft and interstate transportation of stolen automobiles where auto salvage titles were being used in the disposition of these stolen autos.

In September, 1959, SAs DURFEE and ROBERT L. JOHNSTON reviewed the auto purchase records and sales slip records of the Calumet Auto Wrecking Company and obtained data concerning the sale of thirty pieces of salvage. The purpose of this check was to determine who purchased these salvage items. It was determined that in many instances these salvage items were purchased by the subjects of captioned case.

Since the investigation not only pinpointed the fact that captioned subjects were involved in a commercial wide-spread theft ring operation but that possibly the Calumet Auto Wrecking Company of Hammond, Indiana, was involved, it was then felt that a representative number of cars sold by the Calumet Auto Wrecking Company to individuals should be checked out. SAs WARREN L. WILSON, WILLIAM O. HARDIN, JOHN W. PARISH, JOHN T. WILMOTH, S. DONALD DURFEE, ROBERT L. JOHNSTON, GEORGE G. LIDDY, and JAMES E. DOYLE then contacted the present owner of the vehicle and examined the car. The examination consisted of determining

IP 67-1

whether these cars were legitimately rebuilt or if they were stolen cars with replaced serial numbers from salvage items. As a result of this extensive investigation, basic background information was developed concerning the car theft ring.

During this same period, SAs JOHN D. CROTTY and GENE M. NORRIS conducted investigation at Union Mills, Indiana, concerning the activities of WILLIAM OLIVER HARMON and GERALD LEE MATTHEWS, who were operating a garage at Union Mills, Indiana. Information was developed at Union Mills, as it was developed in connection with the Calumet investigation, that subjects MATTHEWS and HARMON were also associated with subjects ROBERTS and PRONGER in this car theft ring.

It should be noted that investigation in connection with subjects HARMON and MATTHEWS is still continuing and is being coordinated by SA JOHN D. CROTTY, Resident Agent in South Bend, Indiana.

The successful investigation of this case is reflected in the fact that thus far subject PAUL RAYMOND JULIAN on May 6, 1960, was sentenced to one year; subject JOHN HENRY BERRY, JR., on May 6, 1960, was sentenced to two years; subject JOHN EMERY PRONGER on June 3, 1960, was sentenced to five years; and subject DONALD RUSSELL ROBERTS on June 3, 1960, was sentenced to five years; all sentences given by the Honorable Judge, U. S. District Court for the Northern District of Indiana. It is of further interest to note that JOHN HENRY BERRY, JR., brought an end to his life rather than facing imprisonment by committing suicide after he was sentenced and while in the custody of the United States Marshal. It is further noted that Federal process is outstanding against WILLIAM OLIVER HARMON and trial of HARMON is scheduled for the immediate future. In addition, it is contemplated that Federal process will be obtained for GERALD LEE MATTHEWS in the near future.

The investigation not only was a success from the prosecutive standpoint, but this office recovered nine cars at a total value of over \$14,000.

IP 67-1

Recommendations:

Re SA GEORGE G. LIDDY: This case was assigned to SA GEORGE G. LIDDY to coordinate the investigation. SA LIDDY, although a relatively new

Agent in the service, performed an excellent job in following all facets of this complicated and voluminous investigation. In coordinating the activities of this case, it was necessary for SA LIDDY to follow each car that was being processed, the investigation in connection therewith, the cars that were recovered, and the evidence accumulated by Agents who assisted in the investigation. Further, to maintain close liaison with the Assistant United States Attorney and keeping him apprised of the developments in the case. Also, it was necessary to render the Assistant United States Attorney assistance during the trial of subject and meet problems that had never been met by him before in investigation; for example, subjects BERRY and JULIAN, by perjuring themselves in Federal Court with a false alibi, were able to effect a hung jury and it was necessary to have a retrial. SA LIDDY demonstrated exceptional capabilities in the handling of this involved car theft ring case; and due to his initiative, aggressiveness, and close coordination of the investigation which he performed in an excellent fashion, it is being recommended that a letter of commendation be given to him.

Re SA S. DONALD DURFEE: SA DURFEE devoted considerable time in assisting in this investigation. Through the fine work which he did

in connection with running titles through the Bureau of Motor Vehicles at Indianapolis and his keen analysis of the modus operandi early in the investigation and concluding that the Calumet Wrecking Company played a major role in the theft ring case and that possibly JOHN HENRY BERRY, JR., was also involved contributed greatly to the success of the investigation. His persistence, knowledge, and initiative in following through on his investigation is deserving of commendation; and, therefore, it is being recommended that he be afforded a letter of commendation.

The above Agents assisted in various phases of the investigation; for example, the examination and processing of cars, the gathering of evidence, the interview of individuals who presently owned pertinent automobiles. Their contributions to the case assisted greatly in expediting the investigation and bringing it to a successful conclusion. It is recommended that a letter of commendation be sent to the Indianapolis Office in regard to the over-all successful investigation so that appropriate copies of this letter can be placed in their individual personnel files.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
- E Excellent.
- ✓ Satisfactory (good or very good).
- Unsatisfactory.
- O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Re: SA GEORGE G. LIDDY

PART I - GENERAL COMMENTS

This performance rating is submitted on SA GEORGE G. LIDDY because of his transfer from the Indianapolis to the Denver Division. During the rating period, SA LIDDY has been assigned as a Resident Agent at Gary, Indiana, having been assigned there since September 1958. SA LIDDY is a first office agent, having arrived at Indianapolis from training school in January 1958.

SA LIDDY handles general criminal and applicant-type matters in several rural counties and at Gary, Indiana. He makes an excellent personal appearance, is very enthusiastic in the performance of his duties and makes a favorable impression in his contacts with law enforcement officials and the general public. His reports, memoranda, letters, and other communications have been well prepared and he requires less than the average amount of supervision for an agent of his grade and experience.

There are no physical limitations affecting his performance and he is available for assignment wherever the Bureau desires. He has participated in several fugitive apprehensions and can be used on raids and dangerous assignments as a participant.

For an agent of his experience in the Bureau, he is outstanding and with proper direction has very good potential for administrative advancement. SA LIDDY has worked primarily on ITSMV cases and, during the prior rating period, handled a car theft ring case, wherein the Chicago Office was office of origin, in an outstanding manner.

The over-all performance of SA LIDDY during the rating period has been excellent.

This being his first car theft ring case, which carries almost 100 cars, and in which he has a high degree of understanding in handling the ramifications and the administration that goes with such a case. His reports, memoranda, letters, and other communications have been well prepared and he requires less than the average amount of supervision for an agent of his grade and experience.

SA LIDDY was commended by the Director on November 27, 1959, along with other agents of the Indianapolis Office, for the splendid manner in which they handled the investigation of a Kidnaping case involving DIANNA MARIE VARNER.

SA LIDDY is very much interested in administrative advancement and has an excellent attitude relative to Bureau work and Bureau policy, and it is felt with experience along administrative lines in a field office, he should be considered for administrative advancement.

INSPECTOR W. W. WOOD
(7/20/60)

Inspector concurs with SAC's comments.
He is 29 years of age; 5'9" tall; weighs
140 lbs. and has a medium frame - desirable.

He is energetic and enthusiastic about his work. His overtime for the 3 months prior to the inspection averaged 2'54" per day per month and his cases closed averaged 7 per month. Regarding his cases closed, it was noted that he has been handling a large car ring case which has required almost all of his time. Since December 1, 1959, he has had 5 convictions, one fugitive apprehension, and \$4,400 in recoveries. He has most satisfactorily shared responsibility under the informant program.

He is interested in administrative advancement and is available for general and special assignment. He is not presently qualified for advancement but he does have a good potential for the future.

RECOMMENDATIONS:

1. Continue in present assignment.
2. Consider on a long range basis for administrative advancement noting that his potential is good.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.
